To the Republican Voters of Gallia County.

At a meeting of the Republican Central Committee, in Gallipolis, June 30th, it was Resolved, That a Republican County Convention be held at the Court House in Gallipolis, on

SATURDAY, THE FIRST DAY OF SEPTEMBER NEXT,

for the purpose of nominating one Representative, one Sheriff, one Prosecuting Attorney, one Treasurer, one Coroner, one Commissioner, and one Surveyor.

And it was further Resolved, That said convention shall be composed of delegates to be selected by the several townships. The basis of said convention to be one delegate for every fifty voters in each township, each township not having that number to be entitled to one, taking the whole vote for Governor two years since as the basis. The representation will be as follows:

Gallipolis, 3
Addison, 3
Clay, 2
Green, 2
Springfield, 2
Harrison, 2
Morgan, 2
Huntington, 2

Resolved, That the delegates to the County Convention, as also delegates to the Senatorial Convention, as mentioned below, be elected by the Republican voters of their respective townships, at the usual place of holding elections in said townships, on SATURDAY, the TWENTY-FIFTH day of August next. The polls to open at one o'clock and close at three P. M.

Resolved, That the basis of the Senatorial Convention shall be one delegate for every hundred votes in each township, and one for each fraction of fifty and under one hundred, and to each township not having one hundred votes, one delegate. The representation will be as follows:

The Senatorial Convention will meet at Gallipolis on the second Wednesday of September next, 12th proximo.

Robert Black, Jos. Hunt, John N. Clark, Nath'l A. Fisher, Republican Cen. Committee. August 2, 1855.

SOMETHING TO REFLECT UPON.—A Massachusetts writer says:—"It will be seen by one of our tables, that New England does not produce half a bushel of wheat, where the South and West raise a dozen. Massachusetts does not raise enough to make the paste to envelope one hundredth part of the abolition trash which she annually publishes!"

"Hence the question becomes a serious one for our New England manufacturers to consider. Is it worth while for you to quarrel with your bread and butter? If, by your fanaticism, you continue to lose Southern trade for a few years to come, as you have for a few years past—(and in the present degraded political condition of Massachusetts, there appears to be a fair prospect of it)—what is going to become of us, especially if Providence should again punish us according to our deserts by sending upon us a few years renewal of the potato rot?"

"Our manufacturing establishments are just now at a very low ebb: cotton cloth makes poor bread, and machinery is indigestible. Our poor widows and orphan children, plundered of their means by peculating railroad managers, are threatened with want and starvation. God, in His infinite mercy, is promising as a year of plenty in spite of our sins—of such plenty as He almost continually sends upon our Southern brethren, in spite of theirs, when we are in need. Shall we, by continuing our present wicked crusade upon our Southern brethren for being compelled to sustain an institution which the cupidity of the fathers of our New England abolitionists originally brought upon them, again tempt His wrath?"

CHOLERA IN UNION TOWNSHIP.—We have reports that there have been several cases of cholera about Proctorville, in this county, and that Dr. Wm. V. PAINE, ARCHIBALD M'GRAW, and W. COOPER, died of it last week. We were personally acquainted with Dr. PAINE. He had the reputation of being an estimable citizen and a good physician. We have none of the particulars in either of the above cases, so that we can give no further notice.—Ironton Times.

VOICE OF THE PEOPLE.

Mr. HARPER:—In the last issue of your Journal, two good "old line Whigs" are presented as candidates for nomination, at the coming county convention, for the office of Treasurer—Mr. Nash and Mr. Black. We, a respectable number of voters and tax payers, desire to express our preference and hope that Mr. Nash may be the nominee; not that we have any fault to find with Mr. Black, whom we have four times heretofore invested with this office, but rather on this same account, (for rotation in office used to be good Whig doctrine,) and to express to an old and faithful servant some little return for the unrewarded service he has rendered in times gone by. For the last sixteen years Mr. Nash has battled faithfully and freely for any and every nominee put forward by his party, and during the greater portion of the time as editor of the Journal; and it will not be assuming too much to say that to him may owe their success at the ballot box, and among these Mr. Black. Up to the present time he has never asked the suffrages of his fellow citizens, and only now at the urgent solicitation of many warm friends, together with the fact that he is not engaged in business. In this day, too, when the Republican cause is assailed and vilified at every turn, it behooves us to put forward our best men, those who can command our entire strength. Such an one is Mr. Nash. In view of the fact, then, that Mr. Black has four times held this office before, that he is heavily engaged in business, and that our county is not sufficiently embarrassed to need a citizen like another Cincinnatus to sacrifice himself to our interest, we would suggest that Mr. Black withdraw from the canvass in favor of Mr. Nash. This would be but right, and would more firmly cement our ranks, and make success certain. Trusting that the many services rendered by him in 1840-'42-'44-'46 and '48 will not be forgotten by the friends who have battled side by side with him for our county and country's best interests, now that they have an opportunity of expressing themselves, we hope to see him our next Treasurer.

MANY VOTERS.

GALLIPOLIS TOWNSHIP.
[For the Gallipolis Journal.]
Mr. JAMES HARPER: As a large portion of the business men of Gallia and surrounding counties are acquainted with you, and on various occasions refer to you for information as to the character and business habits of mechanics whom they may think of employing.

If any, therefore, should inquire of you who would be a suitable person to employ to build and finish dwelling houses to correspond with the improvements of the age, I take the liberty of recommending Mr. James H. Payne, who has just erected and is now finishing for me a dwelling house, which in point of workmanship, taste and durability will compare with the best dwelling.

Good Medicines.

IT is estimated that AYER'S CHERRY PECTORAL AND CATARRHIC PILLS have done more to promote the public health, than any other one cause. There can be no question that the Cherry Pectoral has by its thousand on thousands cured Colds, Coughs, Asthma, Croup, Influenza, Bronchitis, &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Every body needs more or less purging—Purge the blood from its impurities. Purge the bowels, liver and all whole visceral system from obstructions. Purge out the dyes which fasten on the body, to work its decay. But for disease we should die only of old age. Take antidotes early and thrust it from the system, before it is too strong to yield.

Ayer's Pills do thrust out disease, not only while it is weak, but when it has taken a strong hold. Read the astounding statements of those who have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Internal Pains, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as pimples on the face, Worms, Nervous Irritability, Loss of appetite, Irregularities, Distresses in the head, Colds, Fevers, Dysentery, and indeed every variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own Physicians.

Try them once, and you will never be without them.
